

Is there any further business for the repeater before I begin this evening's session of the WPI Inter Net? This is **<CALL SIGN>**.

(wait, upon hearing none)

Calling the WPI Inter Net, Calling the WPI Inter Net from **<CALL SIGN>**. This net meets every Wednesday night while classes are in session at 22:30 local time on this, the 145.310 repeater with a PL of 100.0, the 449.025 repeater with a PL of 88.5 and Echolink node #460920. During the call-up, please say "Here is" then drop the carrier to check for doubling, like this (drop carrier to demonstrate) then give your call sign and traffic status.

Calling the WPI Inter Net from **<CALL SIGN>**. This net is directed. Your net control station this evening is **<CALL SIGN PHONETICALLY>**, my name is **<YOUR NAME>** and I am currently located in **<YOUR CITY>**. Please do not break this net unless you have emergency or priority traffic. This net is open to all amateur radio operators. The first call-up this evening will be for W1YK officers and officers only, please call now.

(drop — let them check in, recognize them, etc.)

Calling the WPI Inter Net from **<CALL SIGN>**. Looking now for anyone who is a full or associate member of the WPI Wireless Association, please call now.

(drop — let them check in, recognize them, etc.)

Calling the WPI Inter Net from **<CALL SIGN>**. Looking now for any and all additional states wishing to check in, please call now.

(drop — let them check in, recognize them, etc.)

**(run the net:)**

1. Start by getting any traffic that needs to be passed, passed.  
(**DESTINATION CALL** please call **ORIGIN CALL** and pick up # messages for your station)
2. Next give any announcements net control has, ask if anyone needs fills or has questions, etc.
3. Recognize any officers with announcements. Allow them to go through and recognize any stations with questions for the officers.
4. Next, ask if any stations have anything to bring to the net (not individually, just have them put out their call and then you recognize them). If nobody has anything else, secure stations in order.

(secure stations in ordered groupings of 2 or 3)

(do no read this until you have secured all stations in order)

Is there any further business for the net before I close? This is **<CALL SIGN>**, and the WPI Inter Net standing by.

(drop — wait a few seconds)

Having conducted the business of the net, the WPI Inter Net is now closed. Thank you to all those who checked in and all those who stood by while we held the net. If you have any ideas or suggestions for the net please email w1yk@wpi.edu. You can also chat with us online via IRC at irc.thaumatic.dev. Good evening to all from **<CALL SIGN>**, now returning the repeater to normal amateur use.
